

ANTI-CORRUPTION STATEMENT BY PROFESSIONAL BODIES – ISSUED 11 MAY 2016

Bribery and corruption represent serious threats to economic growth, individual livelihoods and civil society across the world.

For many years, professional bodies have worked alongside government, regulators, law enforcement and international bodies and supported our members to combat bribery, corruption, tax-evasion, money laundering and the financing of international terrorism. We will continue this work and provide support to facilitate national and international co-operation and to improve monitoring and enforcement systems.

We deplore corruption and the significant harm it causes; we play a vital role in training, educating and supporting our professions to uphold the highest levels of integrity and ethical standards.

We know criminals seek to abuse the services provided by our members to launder the proceeds of corruption and we are committed to ensuring the professions we serve are armed with the tools to thwart this abuse.

We stand united in the fight against corruption in all its forms and are committed to sharing knowledge, skills and intelligence with our fellow professionals and with all agencies fighting this cause.
