The Digital Assets SIG was established in recognition of the emerging issues relating to how practitioners effectively assist clients and their fiduciaries in planning for and administering the digital assets of individuals after the individual dies or loses capacity. The objective of this SIG is to provide an international forum of debate, education and support on digital issues. Their work includes driving the need for and harmonisation of national and international legislation in relevant areas concerning digital issues.

ABOUT OUR SPECIAL INTEREST GROUPS

Our Special Interest Groups provide opportunities for practitioners and related professionals to connect and advance their focused area of practice.

Specialisms focus around some of the more complex issues families face in planning for their future surrounding international families, protection of the vulnerable, family businesses and philanthropic giving, for example. The groups aim to benefit the practitioner, their area of specialisation, the clients they serve, and the industry at large.

STEP presently offer eight Special Interest Groups:

- Business Families
- Charities
- Contentious Trusts and Estates
- Cross-Border Estates
- Digital Assets
- International Client
- Mental Capacity
- Philanthropy Advisors
